**25TH INTERNATIONAL CONFERENCE ON
NEUROPSYCHIATRY & MENTAL HEALTH**

JUNE 12-13, 2025

Barcelona, Spain

ConferenceMinds +

We are excited to invite you to the **25th International Conference on Neuropsychiatry & Mental Health**, a groundbreaking event that brings together leading professionals, researchers, clinicians, and policymakers from around the world. Held in the beautiful and culturally rich city of **Barcelona, Spain**, this conference will serve as an exceptional platform for sharing the latest advancements, research, and clinical practices in the field of neuropsychiatry and mental health.

With a focus on fostering collaboration and encouraging innovation, this conference will offer insightful discussions on the future of mental health care, cutting-edge research, and treatment options. The event will take place from **June 12-13, 2025**, and promises to be an unforgettable experience for all attendees.

Conference Objectives:

The **25th International Conference on Neuropsychiatry & Mental Health** aims to:

- **Advance Knowledge:** Provide a comprehensive understanding of the latest research in neuropsychiatry and mental health.
- **Share Expertise:** Offer a forum for clinicians, scientists, and researchers to exchange ideas and experiences.
- **Promote Innovation:** Explore innovative diagnostic methods, therapies, and mental health treatments.
- **Foster Collaboration:** Encourage cross-disciplinary collaboration between various sectors, including healthcare, research, and policy-making.

ConferenceMinds

Conference Sessions:

Our carefully curated scientific program spans a wide range of topics related to neuropsychiatry and mental health, ensuring that there is something for every attendee. Each session is designed to foster interactive discussions, offer real-world insights, and promote evidence-based practices.

1. Advancements in Neuropsychiatric Disorders

- Understanding the neurological basis of mental health disorders
- New diagnostic tools for neuropsychiatric conditions
- Emerging therapies and treatments

2. Psychiatric Disorders and Cognitive Impairment

- Alzheimer's disease and dementia: Early detection and intervention
- Cognitive disorders in aging populations
- Role of genetics in neurocognitive decline

3. Mental Health in the Digital Age

- The impact of digital technologies on mental health
- Telepsychiatry: Benefits and challenges
- Social media's influence on mental well-being

4. Psychopharmacology and Neuropsychiatry

- New developments in psychopharmacological treatments
- Pharmacogenomics in psychiatry
- Balancing efficacy and side effects in treatment

5. Psychological and Behavioral Therapies

- Cognitive-behavioral therapy (CBT) for mental health disorders
- Integrative approaches in therapy
- Mindfulness and meditation as therapeutic tools

6. Mental Health Care Systems and Policy

- Improving access to mental health services
- Mental health policies in different countries
- Addressing mental health in marginalized communities

7. Neurodevelopmental Disorders

- Autism spectrum disorder and early intervention
- ADHD: Advances in treatment and management
- Neurogenetics and developmental psychology

8. Substance Abuse and Co-occurring Disorders

- Treatment for addiction and co-occurring mental health disorders
- Neurobiological mechanisms of substance abuse
- Rehabilitation programs and public health interventions

9. Mental Health and Society

- The stigma surrounding mental health: Social perspectives
- Mental health in the workplace
- Mental health advocacy and awareness campaigns

Scientific Program

Our scientific program has been designed to cater to the needs of professionals from all levels. The program will include keynote speeches, plenary sessions, interactive workshops, and poster presentations.

- **Keynote Speeches:** Renowned experts in the field will share their insights on the future of neuropsychiatry, mental health advancements, and the latest scientific breakthroughs.

- **Plenary Sessions:** These sessions will address the most pressing issues in mental health research and clinical practice, including novel treatments and management strategies for various psychiatric conditions.

ConferenceMinds+

- **Workshops:** A series of interactive workshops will provide practical training on the latest tools and methodologies in neuropsychiatry, equipping attendees with skills they can apply in their professional settings.
- **Poster Presentations:** Research presentations from early-career researchers and practitioners will be featured, allowing for direct engagement and feedback from experts.

Benefits for Speakers

Presenters and speakers at the 25th International Conference on Neuropsychiatry & Mental Health will enjoy a range of benefits:

- **Global Exposure:** Share your work with an international audience, enhancing your professional visibility.
- **Networking Opportunities:** Connect with thought leaders, researchers, clinicians, and industry professionals who are driving innovation in the field of neuropsychiatry and mental health.
- **Professional Recognition:** Gain recognition for your contributions to the field and build collaborations for future projects.
- **Publication Opportunities:** Presentations will have the opportunity to be published in the conference proceedings or related journals, ensuring that your research reaches a broader audience.
- **Career Advancement:** Speakers can establish themselves as leaders in the neuropsychiatry community, opening doors to future research and career opportunities.

Benefits for Delegates

Attendees will benefit from a wealth of learning and networking opportunities:

ConferenceMinds+

- **Cutting-Edge Knowledge:** Access to the latest research, clinical practices, and advancements in mental health and neuropsychiatry.
- **Engage with Experts:** Participate in meaningful discussions and engage directly with world-class scientists, clinicians, and mental health professionals.
- **Practical Insights:** Take away valuable insights and practical tools to implement in your work or practice.
- **Continuing Education:** Earn Continuing Medical Education (CME) credits to advance your professional development.
- **Collaborative Environment:** Build connections with peers, colleagues, and industry leaders, fostering future collaborations and partnerships.

Day 1: June 12, 2025

- **8:00 AM – 9:00 AM:**

Registration and Welcome Coffee

Registration and Networking Breakfast Join us for the opening of the conference with a light breakfast and networking opportunities with fellow attendees, speakers, and exhibitors.

- **9:00 AM – 9:30 AM:**

Opening Ceremony & Welcome Address

Opening remarks from the conference organizers and a warm welcome to Barcelona, including an introduction to the event's theme and objectives.

- **9:30 AM – 10:30 AM:**

Keynote Address 1: "The Future of Neuropsychiatry: From Neuroscience to Clinical Practice"

ConferenceMinds

- **Speaker:** Dr. Maria Gonzalez, MD, PhD (University of Barcelona)
- An in-depth exploration of how recent advancements in neuroscience are influencing clinical approaches to mental health disorders.

- **10:30 AM – 11:00 AM:**
Morning Break and Networking

- **11:00 AM – 12:30 AM:**
Session 1: Advancements in Neuropsychiatric Disorders

- Chair: Dr. John White, PhD (Harvard Medical School)

Topics:

- Understanding the Role of Genetics in Mental Health Disorders
- Breakthroughs in Neuroimaging for Diagnosing Neuropsychiatric Conditions
- New Pharmacological and Behavioral Treatment Options

- **12:30 PM - 02:00 PM:**
Lunch and Networking Session

- A relaxing lunch break with opportunities for further networking and exploring local cuisine.

- **2:00 PM - 03:30 PM:**
Session 2: Psychiatric Disorders and Cognitive Impairment

- Chair: Dr. Sarah Li, MD, PhD (University of Oxford)

Topics:

- Advances in Alzheimer's Disease Diagnostics and Biomarkers
- Cognitive Decline in Neurodegenerative Diseases
- Early Detection and Intervention Strategies for Dementia

03:30 PM - 04:00 PM
Afternoon Break

ConferenceMinds +

04:00 PM - 05:30 PM

Session 3: Mental Health in the Digital Age

- Chair: Dr. Michael Jacobs, PhD (Stanford University)

Topics:

- The Role of Artificial Intelligence and Big Data in Mental Health Treatment
- Telepsychiatry: Opportunities and Challenges
- Social Media's Impact on Adolescent Mental Health

05:30 PM - 06:00 PM

Poster Presentation Session

- A chance to interact with emerging researchers and view poster presentations on a variety of topics, from neuropsychiatry to psychological therapies.

06:00 PM - 07:30 PM

Welcome Reception & Networking Dinner

- Join us for a relaxed evening of networking with colleagues, speakers, and exhibitors while enjoying traditional Spanish tapas and beverages.

Day 2: June 13, 2025

08:00 AM - 09:00 AM

Morning Coffee & Networking

09:00 AM - 10:00 AM

Keynote Address 2: "The Role of Neurogenetics in Modern Psychiatry"

- Speaker: Dr. Laura Martinez, MD, PhD (University of California, San Francisco)
- Discussion on the impact of genetic discoveries on neuropsychiatric diagnoses and treatment plans.

ConferenceMinds

10:00 AM - 11:30 AM

Session 4: Psychopharmacology and Neuropsychiatry

• Chair: Dr. Kevin Rodriguez, MD (Mayo Clinic)

Topics:

- New Drug Discoveries in Psychiatric Medicine
- Precision Medicine and Pharmacogenomics in Psychiatry
- Risks and Benefits: Tailoring Pharmacological Treatments for Diverse Populations

11:30 AM - 12:00 PM

Morning Break and Networking

12:00 PM - 01:30 PM

Session 5: Psychological and Behavioral Therapies

• Chair: Dr. Emily Thomas, PhD (University of Toronto)

Topics:

- The Efficacy of Cognitive Behavioral Therapy (CBT)
- Integrating Mindfulness-Based Approaches in Mental Health Treatment
- The Future of Psychotherapy: Digital Tools and Virtual Therapy

01:30 PM - 02:30 PM

Lunch Break

02:30 PM - 04:00 PM

Session 6: Mental Health Care Systems and Policy

• Chair: Dr. Robert Cohen, MPH (World Health Organization)

Topics:

- Strengthening Mental Health Services: Global Perspectives
- Addressing Mental Health in Low-Resource Settings
- Improving Access to Care for Vulnerable Populations

ConferenceMinds

04:00 PM - 04:30 PM

Afternoon Break

04:30 PM - 06:00 PM

Session 7: Substance Abuse and Co-occurring Disorders

• Chair: Dr. Natasha Williams, MD (Johns Hopkins University)

Topics:

- Addiction and Mental Health: A Neurobiological Approach
- Treatment Models for Co-occurring Disorders
- Preventative Measures and Public Health Strategies

06:00 PM - 07:00 PM

Closing Plenary Discussion: The Future of Mental Health Care: Integrated Approaches

• Speaker Panel: Dr. Maria Gonzalez, Dr. Michael Jacobs, Dr. Laura Martinez, Dr. Emily Thomas

• A dynamic panel discussion on the future direction of mental health care and neuropsychiatry, with a focus on integrative approaches, collaboration, and the role of technology.

07:00 PM - 08:00 PM

Farewell Reception

• A final opportunity to network and exchange ideas, enjoy light refreshments, and celebrate the success of the event before departing.

Barcelona: City Attractions

Barcelona, Spain's vibrant cultural capital, is the perfect destination for both professional engagement and personal enjoyment. Known for its stunning architecture, rich history, and Mediterranean charm, Barcelona offers something for everyone.

ConferenceMinds +

- **Sagrada Família:** Antoni Gaudí's world-famous basilica, an architectural masterpiece and UNESCO World Heritage site.
- **Park Güell:** A colorful public park designed by Gaudí, offering stunning views of the city and unique artistic structures.
- **La Rambla:** A lively street with shops, restaurants, and markets, perfect for experiencing the local culture.
- **Montjuïc Hill:** Offering panoramic views of the city, Montjuïc is home to several museums, gardens, and the Olympic Stadium.
- **Gothic Quarter:** Wander through narrow medieval streets, discovering hidden squares, historic landmarks, and unique shops.
- **Beaches:** Enjoy the city's Mediterranean coastline with its beautiful sandy beaches for relaxation after conference sessions.

Conclusion

The **25th International Conference on Neuropsychiatry & Mental Health** promises to be a pivotal event in the field of mental health and neuropsychiatry. Join us for an exciting and enriching experience that will expand your knowledge, foster collaboration, and inspire innovation in mental health research and clinical practice.

We look forward to welcoming you to **Barcelona** in 2025 for an unforgettable conference experience!
