

15th Edition of International Conference on Pediatric and Neonatology 2026

- **Event Date:** June 17–18, 2026
 - **Venue:** Munich, Germany
 - **Conference Website:** <https://conferenceminds.com/worldpaediatricsociety/>
-

About the Conference

The **15th Edition of the International Conference on Pediatric and Neonatology 2026** will take place on **June 17–18, 2026 in Munich, Germany**, bringing together pediatricians, neonatologists, healthcare professionals, researchers, academicians, and industry leaders from around the world to explore the latest developments in child health and newborn care.

Pediatrics and neonatology are among the most dynamic and impactful medical disciplines, playing a crucial role in improving the health and well-being of infants, children, and adolescents. Advances in neonatal intensive care, pediatric diagnostics, digital health technologies, and preventive medicine continue to transform the way healthcare professionals diagnose, treat, and manage childhood diseases.

This conference aims to create a **global platform for knowledge exchange, scientific collaboration, and professional networking** among experts working in pediatric medicine and neonatal healthcare. Participants will have the opportunity to discuss cutting-edge research findings, share clinical experiences, and explore innovative strategies to address the evolving healthcare needs of children and newborns.

The two-day conference program will include **plenary lectures, keynote sessions, oral presentations, poster sessions, workshops, panel discussions, and networking events**, enabling participants to engage in meaningful discussions on key topics in pediatric and neonatal healthcare.

International pediatric conferences provide opportunities for clinicians and researchers to exchange knowledge, discuss emerging healthcare challenges, and develop collaborative solutions that improve patient outcomes worldwide.

Through this gathering, we aim to encourage interdisciplinary collaboration and promote innovative approaches that support healthier futures for children globally.

Conference Theme

“Advancing Pediatric and Neonatal Care: Innovation, Research, and Global Health Solutions.”

The conference theme highlights the importance of integrating clinical expertise, research innovation, and technology to improve healthcare outcomes for infants and children worldwide.

Chairperson’s Message

Dear Colleagues and Distinguished Participants,

It is my great pleasure to welcome you to the **15th Edition of the International Conference on Pediatric and Neonatology 2026**, which will be held on **June 17–18, 2026 in Munich, Germany**.

Children represent the future of our societies, and ensuring their health and well-being is one of the most important responsibilities of healthcare systems worldwide. Over the past decades, remarkable progress has been made in pediatric medicine and neonatal care, including improvements in neonatal intensive care, pediatric diagnostics, vaccination programs, and disease prevention strategies.

This conference is designed as an **international scientific forum** that brings together healthcare professionals, researchers, and policymakers dedicated to advancing child health.

Our scientific program includes **plenary lectures, keynote presentations, oral sessions, poster discussions, expert panel sessions, and workshops**, addressing both clinical and research aspects of pediatric and neonatal healthcare.

Participants will have the opportunity to explore topics such as:

- Advances in neonatal intensive care
- Pediatric infectious diseases and immunization
- Pediatric cardiology and neurology
- Child nutrition and growth
- Global child health and healthcare policies

International pediatric conferences are essential platforms for sharing clinical knowledge, promoting innovation, and strengthening collaboration among healthcare professionals worldwide.

We believe this conference will serve as a valuable platform for knowledge exchange and professional networking.

I warmly invite you to join us in Munich and contribute your expertise to this important international event.

With warm regards,

Conference Chair

15th International Conference on Pediatric and Neonatology 2026

Conference Objectives

The conference aims to achieve the following objectives:

- Promote innovative research in pediatric and neonatal medicine
 - Facilitate knowledge exchange among healthcare professionals
 - Encourage collaboration between clinicians, researchers, and healthcare institutions
 - Provide opportunities for early-career researchers and students
 - Explore emerging technologies in pediatric healthcare
 - Support the development of evidence-based clinical practices
 - Address global challenges in child health and neonatal care
 - Promote international healthcare partnerships
-

Conference Highlights

Participants will benefit from a wide range of academic and professional opportunities, including:

- Plenary lectures by internationally recognized pediatric experts
 - Keynote presentations on emerging healthcare innovations
 - Oral and poster presentation sessions
 - Interactive panel discussions and workshops
 - Networking opportunities with global healthcare professionals
 - Opportunities to publish research in conference proceedings
 - Recognition and awards for outstanding research contributions
 - Exposure to innovative healthcare technologies
-

Who Should Attend?

This conference welcomes professionals from a wide range of healthcare disciplines.

Target participants include:

- Pediatricians
- Neonatologists
- Pediatric surgeons
- Pediatric nurses
- Clinical researchers
- Public health professionals
- Healthcare administrators
- Medical educators and academicians
- Pharmaceutical and biotechnology professionals
- Healthcare technology developers
- Graduate and postgraduate medical students
- Representatives from healthcare organizations

International pediatric conferences typically attract professionals from diverse healthcare fields dedicated to improving child and neonatal health outcomes.

Key Scientific Themes

The conference will explore several key scientific themes and research areas in pediatric and neonatal healthcare.

Major topics include:

- Neonatal intensive care and respiratory support
- Pediatric infectious diseases and immunization
- Pediatric cardiology and congenital heart diseases
- Pediatric neurology and neurodevelopmental disorders
- Pediatric oncology and hematology
- Pediatric endocrinology and metabolic disorders
- Child nutrition and growth monitoring
- Pediatric emergency medicine
- Pediatric surgery and minimally invasive procedures
- Neonatal brain development and neuroprotection
- Pediatric mental health and behavioral disorders
- Digital health technologies in pediatrics
- Telemedicine in pediatric care
- Global child health policies and healthcare systems

Advances in pediatric and neonatal medicine continue to focus on improving early diagnosis, treatment strategies, and preventive healthcare for children worldwide.

Scientific Program Agenda

The conference program has been designed to encourage interaction, collaboration, and knowledge exchange among participants.

Day 1 – June 17, 2026

Theme: Advances in Pediatric and Neonatal Healthcare

1. Opening Ceremony and Welcome Address
 2. Plenary Lecture – Future Directions in Pediatric Medicine
 3. Keynote Address – Innovations in Neonatal Intensive Care
 4. Oral Session 1 – Neonatal Respiratory Care
 5. Oral Session 2 – Pediatric Infectious Diseases
 6. Oral Session 3 – Pediatric Cardiology
 7. Oral Session 4 – Pediatric Neurology and Brain Development
 8. Oral Session 5 – Pediatric Emergency Medicine
 9. Oral Session 6 – Pediatric Nutrition and Growth
 10. Oral Session 7 – Pediatric Surgery Innovations
 11. Oral Session 8 – Neonatal Brain Imaging
 12. Oral Session 9 – Pediatric Immunology
 13. Oral Session 10 – Pediatric Endocrinology
 14. Oral Session 11 – Pediatric Critical Care
 15. Oral Session 12 – Pediatric Vaccination Programs
 16. Oral Session 13 – Pediatric Genetics and Rare Diseases
 17. Oral Session 14 – Maternal and Fetal Medicine
 18. Oral Session 15 – Pediatric Rehabilitation Medicine
 19. Panel Discussion – Global Child Health Challenges
 20. Day-1 Closing Session
-

Day 2 – June 18, 2026

Theme: Innovation and Future Trends in Pediatric Medicine

1. Keynote Address – Future of Neonatal Care
2. Plenary Lecture – Pediatric Healthcare Technologies

3. Oral Session 1 – Pediatric Oncology
 4. Oral Session 2 – Pediatric Mental Health
 5. Oral Session 3 – Pediatric Pharmacology
 6. Oral Session 4 – Pediatric Pulmonology
 7. Oral Session 5 – Neonatal Nutrition
 8. Oral Session 6 – Pediatric Orthopedics
 9. Oral Session 7 – Pediatric Dermatology
 10. Oral Session 8 – Pediatric Radiology
 11. Oral Session 9 – Pediatric Nephrology
 12. Oral Session 10 – Pediatric Gastroenterology
 13. Oral Session 11 – Digital Health and AI in Pediatrics
 14. Oral Session 12 – Pediatric Public Health
 15. Oral Session 13 – Pediatric Nursing and Care
 16. Oral Session 14 – Global Health and Child Welfare
 17. Oral Session 15 – Pediatric Clinical Trials
 18. Young Researchers Forum
 19. Awards Ceremony
 20. Closing Ceremony
-

Abstract Submission Guidelines

Researchers interested in presenting their work must submit abstracts following the guidelines below.

Language: English

Word Limit: 250–300 words

File Format: MS Word (.doc / .docx)

Font: Times New Roman, 11 pt

Spacing: Single

Abstract Structure

- Title
 - Author(s) and affiliation(s)
 - Corresponding author email
 - Background / Objective
 - Methods
 - Results
 - Conclusion
 - Keywords (3–5)
-

Conference Awards

The conference recognizes outstanding contributions in pediatric and neonatal research through several prestigious awards.

- Best Oral Presentation Award
- Best Poster Presentation Award
- Young Researcher Award
- Excellence in Pediatric Research Award
- Outstanding Clinical Practice Award
- Innovation in Pediatric Healthcare Award

Award recipients will receive certificates and recognition during the closing ceremony.

Accommodation and Hospitality

Accommodation will be arranged in partner hotels located near the conference venue in Munich.

Partner Hotels

- Premium and business-class hotels
 - Comfortable rooms with modern amenities
 - Convenient access to the conference venue
 - Professional hospitality services
-

Check-In and Check-Out

Package A – Registration + Two Nights Accommodation

Check-in: One day before the conference

Check-out: After the conference ends

Package B – Registration + Three Nights Accommodation

Check-in: Two days before the conference

Check-out: After the conference ends

Hotel confirmation details will be shared with registered participants.

Meals and Refreshments

Participants will receive:

- Daily breakfast at the hotel
 - Conference lunch during event days
 - Coffee breaks and refreshments
 - Networking reception refreshments
-

Networking and Collaboration Activities

The conference offers numerous opportunities for professional networking and collaboration.

Networking Sessions

- Meet-the-expert discussions
- Interactive panel sessions
- Informal networking breaks

Young Researcher Mentorship

- Career development guidance
- Publishing and research funding advice
- Mentoring by senior healthcare professionals

Industry-Academia Collaboration

- Technology transfer discussions
 - Healthcare innovation partnerships
 - Research collaboration opportunities
-

Exhibition and Sponsorship Opportunities

The conference provides valuable opportunities for healthcare companies and organizations to showcase their products and technologies.

Exhibition Booths

- Standard and premium exhibition booths
- Dedicated exhibition space
- Interaction with global healthcare professionals

Corporate Presentations

- Product demonstrations
- Healthcare technology showcases
- Corporate presentations

Sponsorship Packages

- Platinum Sponsorship
 - Gold Sponsorship
 - Silver Sponsorship
 - Customized sponsorship opportunities
-

Registration Details

Speaker Registration – +£790

Visitor Registration – +£775

Package A (Registration + Two Nights Accommodation) – +£879

Package B (Registration + Three Nights Accommodation) – +£1,097

Virtual Presentation – +£589

Poster Presentation – +£669

Workshop Participation – +£689

Registration Benefits

Participants will receive:

- Full access to conference sessions
 - Conference kit and program handbook
 - Speaker or participation certificate
 - Networking and exhibition access
 - Meals and refreshments
 - Accommodation (depending on package)
-

Conference Venue – Munich, Germany

The conference will be hosted in **Munich, Germany**, one of Europe's leading cities for medical research, innovation, and healthcare excellence.

Munich offers world-class conference facilities, modern infrastructure, and easy accessibility for international participants.

The conference venue includes:

- Fully equipped conference halls
- Advanced audiovisual systems
- High-speed internet access
- Dedicated networking spaces
- Exhibition and poster presentation areas
- Catering areas for refreshments and meals

In addition to the scientific program, participants will have the opportunity to explore Munich's rich culture and historic attractions, including **Marienplatz, the Bavarian State Opera, and the famous English Garden.**
