ABOUT THE CONFERENCE

The 14th International Conference on Vascular Dementia and Neurodegenerative Diseases will bring together leading researchers, clinicians, healthcare professionals and industry experts from around the world to discuss the latest advancements, challenges and future directions in the field. This global forum aims to foster interdisciplinary collaboration, share cutting-edge research and explore innovative approaches for the prevention, early diagnosis, treatment and care of vascular dementia and related neurodegenerative disorders.

The conference will feature keynote lectures, oral and poster presentations, scientific sessions, workshops and networking opportunities, providing a dynamic platform for knowledge exchange and collaboration to improve brain health and patient outcomes.

CONFERENCE OBJECTIVES

- ✓ Share the latest research and clinical advancements
- ✓ Explore innovative diagnostic and therapeutic strategies
- ✓ Address current challenges in vascular dementia and neurodegenerative diseases
- ✓ Encourage interdisciplinary collaboration
- ✓ Promote global networking and knowledge exchange
- ✓ Support early career researchers and young investigators
- ✓ Drive improvements in patient care and brain health worldwide

WHO SHOULD ATTEND?

- ✓ Neurologists and Geriatricians
- ✓ Psychiatrists and Neuropsychiatrists
- ✓ Neuroscientists and Researchers
- ✓ Healthcare Professionals and Clinicians
- ✓ Students and Young Researchers
- ✓ Industry Experts and Pharmaceutical Professionals
- ✓ Rehabilitation Specialists and Care Providers
- ✓ Policymakers and Public Health Professionals

VENUE & DESTINATION

Amsterdam, the vibrant capital of the Netherlands, is a city of rich history, stunning architecture and a thriving academic environment. Known for its beautiful canals, world-class museums and welcoming atmosphere, Amsterdam offers the perfect setting for this global gathering of experts. Join us in this inspiring city to combine scientific discovery with a memorable cultural experience.
